

A Comprehensive Review of Local Anaesthesia for Dental Hygienists

SATURDAY AND SUNDAY
February 4 and 5, 2012

Registered dental hygienists who have taken a local anaesthesia program, but would like a review course, are invited to participate in SESSION I of the Local Anaesthesia program being offered by Continuing Dental Education this winter.

COURSE DESCRIPTION

A two-day comprehensive review designed to teach and revisit basic and current concepts of local anaesthesia and administration of local anaesthetic agents. Come and participate in two full days that include lectures and an opportunity for hands-on practice of clinical techniques. Participants must be currently registered to practice in British Columbia. As participants practice on each other, you must be able to receive local anaesthesia or you must provide a stand-in for your partner.
