click on “Clinical Participation Courses.”

Dr. Paul Witt
September 2015 - July 2016
LIMITED ENROLMENT
COURSE OUTLINE
This course provides instruction in orthodontic examination, diagnosis, and treatment-planning with emphasis on the goals, objectives, and realistic expectations of orthodontic treatment. Didactic instruction will be supplemented with clinical demonstrations, treatment case examples from a broad practice database, and “hands-on” experiences. Upon completion, participants should be able to:
1. Effectively evaluate the severity of malocclusions,
2. Assess and anticipate the degree of treatment difficulty
3. Critically evaluate the quality of orthodontic treatments, and
4. Select and effectively treat those conditions appropriate for their level of training and experience
Completion of this program provides participants the opportunity to proceed to the advanced-level clinical participation courses in orthodontics currently offered by Continuing Dental Education at the University of British Columbia, on a space availability basis.

Friday PM

SESSION 1 September 11, 2015
SESSION 2 October 23
SESSION 3 November 20
SESSION 4 December 11
SESSION 5 January 15, 2016
SESSION 6 February 12
SESSION 7 March 11
SESSION 8 April 8
SESSION 9 May 6
SESSION 10 June 17
SESSION 11 July 15
