

MEDICAL EMERGENCIES IN THE DENTAL OFFICE

DR. DAVID ISEN

COST - \$150 (3 HOURS)

This course will review ways to reduce the likelihood that a medical emergency will occur by teaching medical history evaluation, vital sign assessment and managing the phobic patient.

As well, a discussion regarding the most updated protocols for basic life support and using an automated external defibrillator will be presented. A rescue team-approach will be discussed.

Then, using emergency drugs will be reviewed, and specific medical emergency algorithms will be presented for example, syncope cardiac arrest, myocardial infarction, anaphylaxis asthma and more.

There are no refunds for pre-recorded courses that have been purchased and downloaded to Canvas Catalog accounts.

EDUCATIONAL OBJECTIVES

- Identify how to reduce the risk of a medical emergency from occurring
- Learn which abnormal vital signs might safely receive dental treatment and which should not
- Understand basic life support protocols and AED use
- Learn which drugs a dentist should stock in their office, how to store them and which emergencies to use them for

CLINICIAN

DAVID ISEN, BSC, DDS Dr. Isen's dental clinic in Toronto, Sleep For Dentistry, is anesthesia-based, treating patients who require intravenous sedation or advanced techniques in local anaesthesia. Many of these people have special medical needs or are dental phobic.

David has given over 400 presentations around the world on topics related to the management of medical emergencies in healthcare settings, local anesthesia for dentistry and the use of sedation in dentistry. He has lectured for many university continuing education programs, dental societies and conventions.

He is the author of numerous articles, has peer-reviewed papers for a variety of dental journals and as well has acted as a consultant for dental and pharmaceutical companies.

CDE at UBC is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. CDE at UBC designates this activity for the above listed hours of instruction. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

DISCLAIMER: Dental education institutions have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. Fee in full must accompany registration. The tuition fee is deductible for Canadian Income Tax purposes. See cancellation policy.
